The "Bully" poster isn't one I immediately wanted to include with my art. I certainly will include the original poster with my future art, but for now, I'm going to stick to what I know. Every time you see a Bully poster or movie, chances are it was created by the same two people. Mr. Carmack and Mr. Cooney. I wanted to make a poster for this film that would stand on its own. In the end, I came up with an image that I had created years ago. I just dressed it up a bit. I think it looks better. The other poster that accompanied the DVD was way too busy. I'm feeling a little blue lately. Sometime around 2006, this place started to feel like a home away from home for me. Since then, I've made lots of friends and had lots of fun. It's been a good time. There's also a new scanner in my basement. I've also been thinking of ways to make myself feel better. For the first few weeks, I decided to get a massage. Since I'm unemployed at the moment, that hasn't been feasible. Now, I'm trying to take more walks. Sometimes, I find myself glued to the couch. I can't stand it. I don't know how to get myself off the couch. No, I don't want to take pills and/or alcohol. I'm just trying to make myself feel better.
