Alcohol abuse during pregnancy is a major public health concern. If effects of alcohol consumption were to persist in offspring, it is conceivable that ocular diseases associated with alcohol may be accelerated. Therefore, in the present study, our aim was to investigate whether ethanol exposure of the dam influenced alterations in ocular protein profiles of the offspring. Pregnant rats

were exposed to ethanol (4 g/kg; orally, during days 9-18 of gestation) or control solutions (water) at concentrations which resulted in blood alcohol levels of 180 mg/dl. Animals were sacrificed on days 5 and 20 of lactation (pups, 0.5 and 2 months of age, respectively) and eyes were enucleated. Corneas and eye tissue were isolated and homogenized. Samples were applied to SDS-PAGE. Gels were stained with Coomassie Blue and gels of the control and alcohol exposed animals were analyzed by computer-assisted densitometry. The relative expression of two novel corneal protein bands (pI 4.7 and pI 6.0) as well as of actin was significantly altered (p b7e8fdf5c8

Do you want to learn to add widgets to your desktop to get it more organized or personalized? If you think you can install a few favorite widgets on your Windows 10 or 11 without having to do a thing, then you might be in for a huge disappointment. Even if you take into account that this kind of application actually offers few widgets, like the ones you can find on the official Windows website, or even most popular widgets like Weather and Wallpaper, it is not necessarily practical to have them on the desktop, is it? But now you don't have to worry about that anymore. BeWidgets is a useful tool that will make it easier for you to personalize your desktop using a few simple steps. So let's take a look at what this program can offer. Explore the Collection of Widgets In the main window of BeWidgets, you will find a collection of widgets, like the time, date and the finance. The fonts and colors of the available widgets are configurable, allowing you to adjust them to your liking.
