They both meet the charming guy, Adam; he teaches Alice to play the piano and they have a wonderful time. Alice falls deeply in love with Adam, but his duties to the Hollereth Castle cause them to part. What's new:

Re: Star Drimax Online Re: Star Drimax Online Everything was walking along the plain and then Drinax's body exploded with an amazing energy. The fact that this god destroyed my ship in the sky will be deemed treason when I return to the kingdom... that's why I need to help my father and win his heart in the adventure! In order to accomplish this, I better get out of here. Drinax's body is probably not even gravely injured yet, so I'll have to try to find a high ground from which to fight him and help my father. With Drinax's help, it won't be too difficult to destroy the heavy armored humanoids that attacked us. (It'll probably take a lot of power to defeat them, though. At this rate, only a miracle will save me from their attacks.) All right, friends, I'll return in two days at a high place that I can manage as a mount! "We're all out of garlic, Sasuke! Uchiha Sasuke, I'm sure you're very hungry. I've got some nice sushi, and since it's fresh I've got no idea when Naru and Kisame will get here. Now bring Sasuke!" Naru jumped at the sound of my voice as I yelled, and Kisame followed closely after. When Naru and Kisame entered, I yelled as loudly as I could. "Sokuhan, you've managed to get here! Please get the spice I was looking for. I'm sorry, but there's no grain here." Sokuhan and Naru stood there silently, and they both wore strange looks on their faces. "Sokuhan, you're not moving or taking any action at all. Go go go!" "In order to make myself move, I've got to end my psychic power, so please activate me." Sasuke's dagger, Amanohashidate, was dripping blood as he grasped it tightly. "Haruno sennin, this one will allow you to fly." Sasuke returned to the ground, and Naru grabbed him by the knees. In that motion, he sent the dagger flying high into the air, and just as it seemed about to fall, he stopped it with sheer force. "Sokuhan, please leave! Next time I will encase your soul in the blade." "I'm leaving now. Take
